ANNOUNCEMENTS.

FOR CONGRESS:

We are authorized to announce South Trimble as a candidate for re-election as Congressman from this district, subject to the action of the Democratic party.

To the Democratic Voters of the 7th Congressional District:

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party.

I believe in getting as close to the people as possible and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponent desired mass conventions at the county seats and the Committee so ordered.

I am now serving my second term as your representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty.

It is my highest ambition to secure legislation for the relief of the farmers, who have been grossly imposed upon by unjust laws and I feel that my experience has fitted me to render valuable service on this line if I am permitted to continue to represent my district.

My official duties in Washington will prevent me from making an active, personal campaign in all the counties of the District, therefore, I will have to rely upon my friends to take care of my interest, which I have an abiding faith they will do.

Trusting my service as a member of Congress meets with your approval and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,
SOUTH TRIMBLE.

Kentucky Crop Report

Commissioner Hubert Vreeland has issued the following crop report for Kentucky: Owing to drouth of last fall and seedling of the wheat crop it was in bad condition to stand the long, cold winter. Consequently the report comes from all parts of the State that the wheat crop has suffered very materially, and nothing but an early spring and favorable summer can insure even a fair crop of that cereal. Winter oats are nearly a failure all over the State for the same causes. Grasses and clover have also suffered, and the present condition will not exceed 50 or 60 per cent. of an average.

There is a good prospect for the planting of a full corn and potato crop. Live stock has generally stood the winter well, although feed is scarce in many localities. There is some cholera among hogs in the western part of the State. Cattle, sheep, hogs and horses are about an average in number throughout the State. There is a considerable falling off in the number of mules in many counties.

The prospect for apples and peaches is fairly good. The low prices of dark or export tobaccos have greatly discouraged the farmers who grow those types. The indications are that the acreage of dark tobacco will be very materially decreased. The prices being paid for Burley are more satisfactory and the area on which this particular variety is grown will be considerably enlarged.

The farmer, like the ground hog, has been housed in all winter. Consequently little farm work has been done. Scarcely a furrow has been run for the spring crops.

In designing, as well as in the execution of Cemetery Memorials. The employment of most skillful men, and the use of Pneumatic Tools for lettering and carving, enable us to supply a superior class of work. We carry the largest stock of medium priced Monuments and Markers in the State; as well as a splendid Collection of original and unique designs. Pleased to have you call or write. Fine lettering a specialty. None better. None cheaper.
